### WEDDING SERVICES

At Calvary Chapel, our desire is to make your wedding day the most memorable occasion for you, your family, and friends. Below is an outline of wedding services we provide. For more information on any of these services, contact our wedding coordinator.

#### 1. MUSIC

---

You may hire a pianist, violinist, or other musician for your wedding or you may choose to use CDs. Planning your music in advance can help to create the atmosphere that you desire at your wedding.

#### 2. SOUND SYSTEM

---

The sound system in the Sanctuary and Chapel are available for your use during the wedding ceremony only. If you'd like to use this equipment, one of our Calvary Chapel sound technicians will need to be scheduled to set up microphones and play your music. We do not offer these services during your wedding rehearsal.

#### 3. STAGE

---

Please be aware that the drums and percussion instruments cannot be removed from the stage for weddings in our sanctuaries. Most couples find that the equipment is far enough away from the center of attention and is, therefore, not a distraction. Please, do not move anything on the stage without permission.

#### 4. SET UP AND TEAR DOWN

---

Calvary Chapel maintenance will take care of anything belonging to the church that they set up for you. Set up and tear down of your decorations and rented material is your responsibility. We suggest creating a list with the items that are rented or belong to you, and assign someone in your party to take care of it after the ceremony.

#### 5. RECEPTION

---

We offer several elegant venue options to accommodate both large and small wedding receptions. The Grill's catering manager may assist you in choosing the one that best fits your needs.

#### 6. FOOD AND BEVERAGE

---

If you are having a reception in one of our banquet rooms, our catering staff will prepare and serve the food. Our catering manager will help you select a menu and decide on other details for your special event. No alcohol is allowed.
